

Remarks

Given the issues raised by the Examiner in the Notice of July 9, 2010, a further response is being made in order to simply adopt the allowable subject matter of claim 21. That has been incorporated into claim 19, from which it depends, and claim 20, which depends from claim 19, remains. All other claims have been cancelled.

Given the fact that only the claim indicated by the Board of Appeals and Interferences remains, all is in proper order, and it is believed that a Notice of Allowance should now be issued. Such action is therefore solicited.
